To Whom It May Concern:

I would like to recommend Rebecca Spendlove to you as a sound engineer who will give you high quality work. As part of the post audio department at Pie Town Productions, I can say that we were lucky to have her. I've seen a lot of production mixers come through the company, and I can tell you that Rebecca's work is easily among the best that we've received. This is due to her conviction towards producing quality. She cares about what she is doing and it shows.

Sincerely,

Keith Rishkofski
Sound Engineer
